TIMELY TOPICS

CONSOLIDATION OF SCHOOLS

This being a topic that is always timely we do not apologize for referring to it once again. We understand that the Hon. C. R. Mitchell, the Attorney General and Minister of Education for Alberta and Mr. D. S. Mackenzie, the deputy Minister of Education, have been down east to make inquiries with reference to the above. Mr. Mackenzie travelled through the provinces of Ontario and Quebec, as well as the Maritime provinces, gathering up all the information could get. Such information should be invaluable to this province. It seems pretty clear, however, that the financial aspect of the case is the most difficult one to solve. In some districts the distances to travel are so great that the cost of haulage becomes almost impossible to undertake. However, where local or personal arrangements can be made to convey the scholars to the given centre, not involving very great expense, there is where the system can work. We have an idea that the surrounding districts of this village can be worked with but little expense. What do the officials of these school districts think about the matter? Is it not possible for them to come together and talk over the difficulties with the view of clearing these away, so that application may eventually be made to form a consolidated school? It is up to them to make advances to the right authorities. Neglect of the children's welfare is criminal; it must not be tolerated. Education for every child must be the slogan. And nothing less than this will do for progressive Alberta.

THE COLDEST PLACE

Notwithstanding all the nice words that have been said about the lovely Peace River country, it seems they have it cold there sometimes. At Grouard, on Lesser Slave Lake, it was recently 65° below, at Peace River crossing 60° below, at Edson 50° below. What it has been here reports differ, but all agree that it is cold enough. Should anyone desire a colder atmosphere—well, Grouard is rather a long way to go, but it certainly must have been cold up there; and that, too, is the land where there are only about six hours of daylight just now. We can generally find some reason to thank providence that we are where we are.

CALGARY AND PRIZE FIGHTS

In spite of all the talk in favor of the prize ring the Calgary fathers have decided to allow no such exhibitions within its boundaries for another year. It cannot be denied that Calgary is not lacking in men with business acumen either. Indeed, this is one proof not only of their business abilities, but in their determination to guard the public morals of the city as far as possible. It was said that such exhibitions usually encourage the lowest type of men into the city, who become a positive trouble to the authorities. By all means close them out, Calgary.

One cannot help but admire this step.

AMERICAN POPULATION AND INSANITY

The population of the United States last year increased 11%, and during the same period insanity increased 25%. This is an alarming increase of insanity. Measures are being taken to try and discover the causes of this increase. The causes are no doubt many. There is an awful possibility of people living too fast, of men working too many hours in the mad rush for money, giving neither themselves nor those about them the rest they need.

William Muldoon, the famous trainer and conditioner of men, says the American race is rapidly degenerating. He says: "The corroding influence of this greed for wealth has been felt in every walk of life. Take the men who have achieved vast wealth—I get them, lots of them, worn out, dispirited, crazy by their perpetual struggle for more money. They are burnt out, body and soul, and their children are worse." This, from such a great authority, should be listened to as a warning. A nation will not develop its highest at that rate. It is a mistake men are making, trying to gain the world and losing both body and soul.

CITY FATHERS AND RESPONSIBILITIES

At this time of the year the officers who manage the affairs of city, town, village or country schools are changed or renewed. Now, is it not a fact that too little interest is taken in the affairs of a municipality as a rule by the ordinary ratepayer, until perhaps some hitch occurs, and something goes wrong, then the spasmoid gets kick, and the injured ratepayer lies down to sleep again? Undoubtedly, too little interest is taken. It is just as much the duty of the man out of office to take an interest in affairs as it is the man who is in office. Generally councils or boards appreciate any show of interest in the way of suggestion or even advice, as they do not claim to possess a monopoly of wisdom. But what usually is resented is complaints or kicks that are spasmoid, and usually without thought or other than personal interest. Let us give those a word of praise who have served our village in the past, both on the village and school councils, and let all take that interest in affairs that should be taken, and not be wholly swallowed up by selfishness. A public broad spirit is to be commended; a narrow, grasping spirit is to be deplored.

DISTRIBUTION OF SEED GRAIN AND POTATOES

By instructions of the Hon. Minister of Agriculture a distribution will be made during the coming winter and spring of superior sorts of grain and potatoes to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs) white oats (4 lbs), barley (5 lbs), and field peas (3 lbs). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants should give particu-

WHEN KINGS WANT CASH.

The UnCivil Sides of Royal Civil Lists
—“Trusting” King William.

It was necessary that renewed provision shall be made for the Civil List, so King William had a committee of men to meet in Parliament. It was not over thus. Some of our earlier monarchs had been very poor, and had been helped by simply appropriating all the money they could lay hands on!

King Charles I had got up. Once, the “Merry Monarch” had no hankerclothes and but three bands to his nose; but he had a good nose. His bill to the linen-draper was some \$25,000 at that moment. Moreover—Pepys says—“he had a good nose.” And notwithstanding that King Charles announced in that time was over a million sterling.

Of course, the financial expedients of King Charles I were not the best, and were not hankerclothes. A favorite little plan of the “martyr” monarch was to get the people to pay for him. At one occasion, in Cornwall, the freeholders were called together to contribute to the royal purse, and were told to pay anything. One Cornishman has left this record: “Some with great difficulty paid £100, others £50, others £20, but to complimented out of my money, but, knowing with whom I had to do, I paid £100, and the rest in cates when I talked with them.”

King Charles I, however, had to grant an income of \$400,000.

Hitherto, the royal revenue had been granted for the purpose of life, but King William III, who was an expert in the ways of England, trusted King James, who was an enemy of their religion, and other unwholesome conditions of the time, and so he gave him a pension.

Late that afternoon the financier was surprised by the return of the candidate for the crown, who said, “I have

arrived here to see you, and to present my test, and the result was that you are successful.”

The lawyer smiled in a superior way.

“Surely,” he said, “your honor would be pleased to know that the court is on the intellectual plane of that jury.”

UNSIGHTLY COMPLEXIONS

The constant use of Cuticure Soap, after bath, will keep skin soft, smooth, toilet, bath and nursery purposes, not only preserves, purifies, and beautifies the skin, but also prevents the skin from preventing inflammation, irritation and clogging of the pores, the common cause of acne, pimples, eruptions, and roughness, yellow, oily, mottly and other unwholesome conditions of the skin. Cuticure Soap is a clear light in a clear skin, soft and white, a clean wholesome soap and will give a healthy glow. Cuticure Soap and Ointment most successful in re-
alizing every expectation.

The Man.—“Yes, it’s a pretty hat.”

The Lady.—“I bought on your account.”

The Man.—“Yes; you generally do.”

LACK OF PURE BLOOD

The Cure of Most Illnesses—
The Cure, Enrich the Blood Supply.

Any illness caused by lack of blood will be benefited and cured by a course of Dr. Williams’ Pink Pills.

These Pills increase the red matter in the blood and assist in the assimilation of food and tissue, an increased supply of oxygen, the great supporter of all organic life.

In cases of indigestion, the stomach and bowels are free from them. At the first manifestation, that is, when the bowels are not performing their functions, a course of Parma’s Vegetable Pills should be tried, and it will speedily restore healthy action.

Later on, the digestion will be restored in these pills that no other preparation could be so effective.

Young Golightly (to pretty girl):
“I am the next to you engaged.
Miss—No, but I am! And he’s going
to get in at the next station.”

The Bride.—“But why look so blue, Fredy? You know papa has blue veins.”

The Groom (gloomily): “—Yes—but I’m wondering what the dickens we shall have to eat.”

This is to certify that I have used MINARD’S LINIMENT in my family for years, and consider it the best liniment on the market. I have found it equal to horse flesh.

(Signed) W. S. PINEO.

“Woodlands,” Middleton, N.S.

“Well, Silas, did you enjoy your trip to Canada? What do you find there?”

“Why, sonny, went with the family, and I had a good time. I had to pay my way, though. I had to buy Dr. Williams’ Pink Pills and asked if he thought they were good.”

“They’re good,” said the boy. “After taking three boxes there was no doubt they were good. I’ve been using them with them for some time longer, with the result that I am now as strong as any man in my neighborhood.”

These Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or 10 boxes for \$5.50 postpaid. Dr. Williams’ Co., Brooklyn, Ont.

Raised it from a Slip

“How on earth did you ever cultivate such a beautiful black eye?”

“Oh,” replied Brownie, who takes that umbrella will have to take me.”

“I’m afraid you’ll be disappointed in your search for a promiscuous or a threat?”

“I raised it from a slip.”

“Do you ever lose that umbrella of yours?” asked the maiden.

“Yes, I have to replace it,” the man sternly. “Who takes that umbrella will have to take me.”

“I’m afraid you’ll be disappointed in your search for a promiscuous or a threat?”

“I raised it from a slip.”

“Do you ever lose that umbrella of yours?” asked the maiden.

“Yes, I have to replace it,” the man sternly. “Who takes that umbrella will have to take me.”

“I’m afraid you’ll be disappointed in your search for a promiscuous or a threat?”

“I raised it from a slip.”

“Do you ever lose that umbrella of yours?” asked the maiden.

“Yes, I have to replace it,” the man sternly. “Who takes that umbrella will have to take me.”

“I’m afraid you’ll be disappointed in your search for a promiscuous or a threat?”

“I raised it from a slip.”

THE HUSTLER, CAYLEY, ALBERTA.

One or two outfit intended thresholding on Monday, but owing to the chinook catching cold, they have postponed operations for a few days.

Cayley Bible Class, Thursday night. Doors open at 7, games to 8.30, bible study to 9. An evening with Tennyson, 9 to 10. Study of life and works of Tennyson, including singing of poems set to music.

We have to make an apology this week in having to use old news sheets, on account of the non-arrival of our regular supply of paper, through a blockade between here and Regina. We trust they will be here in time for next week's issue.

Our chinook of last Monday took a severe chill during the night. It is rumored that one of our boys—who has caught the "fever"—was out very late that night and left the gate at her home open, giving our chinook its bad cold, and in consequence on Tuesday morning we had a snow storm and blizzard, which made things hard for a few hours.

One day last week a young girl came over from England to be married to a young homesteader living not far from Cayley. But when he saw her in Cayley he decided to withdraw from his barbershop, giving as one reason that she was feeble-minded. She certainly must have been to come all the way from England to marry such a guy.

Say, boys, did you know it? Feb. 14th is St. Valentine's day, and that is the day on which a Valentine Social is going to be held, conducted by the Methodist ladies aid. It looks rather suspicious, the ladies taking such an interest in such a thing as a valentine social; but, there, this is leap year, and really there are too many bachelors around, they ought to get fixed up somehow. No chance after this year for the poor fellows, unless, indeed, they have someone "up their sleeve," as the saying is.

The local telephone gang were around here last week.

Miss Hoggs is visiting her parents.

Chas. Hicklin is around town again, enjoying himself.

Miss Murray was a Cayley visitor last week.

Wm. Barker and family have moved to town and started a restaurant.

A number from here attended the High River rink on Friday last. They report a very pleasant time, but very cold.

The series of union prayer meetings closed last Sunday evening. The Rev. Mr. J. M. Beaton expressed strong sentiments concerning the attendance at these meetings.

The first lesson in connection with the teachers' training course was given Monday evening by the Rev. Mr. Mann. All members enrolled being present. Remember there are no limits to this class after twelve years of age.

Cayley Union, No. 250 U.F.A., held their annual election at the Presbyterian hall, Jan. 13th. The following officers were elected: G. D. Shanks, president; Chas. H. Brown, vice-president; C. C. Chaffee, treasurer; H. C. Wing, secretary; Donald Sinclair, C. E. Powers, P. Stevens, executive committee. A movement was put on foot to instal in the near future a standard set of weigh scales for public use. A more vigorous and progressive plan operation is being mapped out for the coming season, which, with the co-operation of the members, can certainly be carried to a success.

Teacher training class for every body every Monday evening, 8 to 9, in Methodist church. H. D. Johnson is the secretary.

At the adjourned hearing for an application for transfer of the Cayley House license at Cayley, before the License Commissioners at Cayley on Tuesday, was brought up. The matter had been argued on Dec. 22nd, but was then adjourned as it was necessary to get an interpretation from the attorney-general regarding a certain clause of the liquor license act. This had been satisfactorily settled and the board now recommended the transfer as the question to be settled was that in regard to the character of the applicant and not such matters as were placed before the board at the time of application.

We have to make an apology this week in having to use old news sheets, on account of the non-arrival of our regular supply of paper, through a blockade between here and Regina. We trust they will be here in time for next week's issue.

Our chinook of last Monday took a severe chill during the night. It is rumored that one of our boys—who has caught the "fever"—was out very late that night and left the gate at her home open, giving our chinook its bad cold, and in consequence on Tuesday morning we had a snow storm and blizzard, which made things hard for a few hours.

One day last week a young girl came over from England to be married to a young homesteader living not far from Cayley. But when he saw her in Cayley he decided to withdraw from his barbershop, giving as one reason that she was feeble-minded. She certainly must have been to come all the way from England to marry such a guy.

JAS. LYALL,
Stavely.

The voting on church union takes place early in March. The pastors of the three concerned have the ballots, etc., now in their possession. This question has been discussed as far back as 1902 when the Methodist church assembled in conference at Winnipeg passed a resolution approving of the proposed union of the Methodist, Presbyterian and Congregational Churches. The outcome at present points to the fact that union will be carried with a large majority. It is to be expected, however, that in some isolated cases, where local conditions are not very favorable to union that it will be defeated.
